Modbury Golden Grove

A Message from our President, Teresa Evans.

February was a productive and forward-looking month for the Club as we focussed on our priorities and projects to support our members and make lasting impact in our communities. Our planning meeting provided an opportunity for members to reflect on our achievements, explore new community needs, and refine the club's goals. Discussions covered upcoming service projects, fundraising ideas, membership engagement, and ways to further enhance our presence in the local community. The participation highlighted the commitment of our members to ensuring the club remains vibrant and purposeful.

We had a visit from Camille Jeu, an International Youth Exchange student from France being hosted by the Rotary Club of Salisbury. It was an enlightening talk about the wonderful aspects of her home country, tempting us with delicious foods and amazing places that we should experience some day.

We were delighted to have received the news of the successful eye operation that the club supported for a young man, Roderick who lives in Zimbabwe. He travelled to India for a cornea transplant which has restored his sight in one eye. This will make a significant difference to the quality of his life, and we wish him all the best for his future, where he can now see the beauty around him.

March was kicked off with a Clean-Up Australia Day event where we picked up rubbish from around the Wynn Vale Dam area. We launch into a busy month supporting local community club events including the Torana and Monaro SA car clubs with their members display day, the Tea Tree Gully soccer club with the CFS Cup Day along with our regular Parafield Bunnings BBQ's to raise funds for our club projects.

They say it is "Mad March month" but it is just a normal month for our busy club.

Need a chocolate fix? We are selling Cadbury chocolate freddo frogs and caramello koalas for \$1 each in a box of 60. If you would like to support our fund-raising efforts, proceeds go to ODA (Opportunities for Development through Art) school in Cambodia to buy paints supplies for their artwork.

I am proud to be part of an active and passionate club of Rotarians putting Service Above Self!

Fighting disease

Building on our successful fight to eliminate polio, we bring together global experts, national health systems, and local leaders to improve and expand access to health care and prevent the spread of diseases like malaria so that everyone can lead healthy lives.
